Project Request Application

Griffith Company for Community Guiding Policy

The Following GC4C Policies are intended to Focus and Maximize our Positive Impact on the Community.

❖ Intended Outcomes

- Improve quality of life for those we serve
- Encourage and assist others to reach their full potential
- Use our skills, good fortunes, and expertise to provide unique contributions to the community that an organization in our capacity can deliver
- Build goodwill among the communities we work in
- Improve teamwork and collaboration within Griffith Company
- Engage our industry partners and facilitate relationships

❖ In order to achieve these outcomes we will prioritize the following:

- Work within communities close to us: geographically to where we work and live or personally to those we work and live with.
- Projects from the following categories of service:

Economic & Social Empowerment

Investing in community organizations that support the economic, social, and psychological betterment of challenged/disadvantaged populations (e.g. homeless; foster kids; abused; impoverished).

- Donations of household items (e.g. food; toiletries; toys)
- Serving challenged populations (e.g. soup kitchens; battered women's shelters; elderly care facilities)

Educational & Career Advancement

Supporting organizations that promote postsecondary (college; trade schools) and career readiness.

- Guest speaking in school classrooms
- Mentoring youth
- Participating on career/industry panels

GRIFFITH
for Community

Project Request Application

- Serving as judges for skills building and industry awareness competitions

Environmental Enhancement

Engaging in activities that support environmental sustainability (e.g. reducing our carbon footprint; lowering emissions; investing in green technology).

- Beach cleanups
- Conservation efforts
- Hybrid vehicles
- Recycling

Infrastructure Improvement

Undertaking activities to build and repair facilities that will improve communities.

- Civic improvements such as bridges, trails, roadways, parks, etc.
- Building and or repairing homes, churches, youth centers, baseball fields, etc.

**By completing this project, how will the above mentioned outcomes be achieved?
(Attach Additional Sheets if Required)**
